ESTATE TAKEN

The estate taken is fee simple, subject to existing easements for public roads and highways, public utilities, railroads and pipelines; excepting and excluding all interests in minerals and the rights appurtenant thereto; reserving the following rights and interests in the property being acquired by the United States as described herein: a perpetual right-of-way on both sides of the Federal border barrier for the purpose of gaining access to condemnee's land on the other side of the border barrier; and, the United States grants to the condemnee a perpetual right-of-way across other lands of the United States along and on both sides of the border barrier to reach and utilize the nearest border barrier gate for the purpose of crossing over the levee and accessing condemnee's lands on the other side. This reservation and grant does not create any new rights to traverse any part of the levee, and does not change the nature of any such rights, if any, which may now exist. The purpose of this provision is to clarify that the United States is not prohibiting access to condemnee's remaining lands between the border barrier and the Rio Grande River, but is providing a permanent right-of-way to condemnee and all landowners similarly situated to access the nearest border barrier gate which allows entry to the other side of the border barrier from which unacquired land can be accessed.
